

- Administrators recommend targeted standards-aligned PD based on a teacher's evaluation results.
- OASYS automatically displays recommended PD options on the teacher's MLP dashboard.
- Teachers easily enroll in recommended PD provided by the district, regional providers, and other organizations.
- Administrators view a record of each teacher's completed PD history, including recommended PD, as a basis for evaluation conference conversations.
- Teachers and administrators collaboratively analyze the impacts of professional learning on teacher growth and student outcomes!
